

CITY OF LEONARD, TEXAS
Public Works Department

FOR IMMEDIATE RELEASE

DATE: May 28, 2026

RE: Mosquito Fogging Summer 2026

The City of Leonard will begin seasonal mosquito fogging operations to help control mosquito populations during the summer months, and would like to inform residents of the dates the city will be treated. Mosquito fogging starts at dark on the scheduled evenings. The substance used is not harmful to pets, plants, or people.

ACTION REQUIRED: During fogging, residents are encouraged to go indoors at dark, if possible, and remain indoors for approximately 20 minutes.

IMPACT AREA: Citywide

- Monday, June 1
- Monday, July 6
- Monday, August 3
- Monday, August 31
- Tuesday, October 27

These dates are pending favorable weather. Fogging may be rescheduled due to weather. Updates will be posted if schedules change.
