

**CITY OF LEONARD, TEXAS**  
**Public Works Department**

---

FOR IMMEDIATE RELEASE

DATE: June 2, 2026

RE: Water System Overnight Maintenance Notice

The City of Leonard Public Works Department will be conducting overnight water system maintenance beginning around midnight.

The water supply to the city will be temporarily shut down at the tower to allow the crew to complete several infrastructure improvements, including repairs and installations necessary to maintain system reliability.

Residents may experience complete water loss during this time. Every effort is being made to minimize impact, and water service is expected to be restored by morning.

The town will wake under a Boil Water Notice, and additional information with instructions will be provided tomorrow morning.

Thank you for your understanding as we continue to improve our water system.

**ACTION REQUIRED:** Please be advised of the scheduled boil notice from June 3-4. Take necessary precautions.

**IMPACT AREA:** Citywide

Thank you for your understanding as we continue to improve our water system.
